

Technical Session #3: Social and Economic Impacts

Facilitator: Michelle Chen (Ph.D. student, UCSD)

Presenter: Ali Fattah (City of San Diego Development Services
Dept.)

Panel: Tom Amabile (OES), Beth Reddy (UCI), Mario Rodriguez

Overview

- Impact/Resilience:
 - Social impact of public transportation/bridge failure?
 - Economic impact of transportation failure?
 - Cost/effects of damages: downtime, repairs, etc. for small/large businesses, government?
 - How many shelters would be needed?
 - What currently exists in terms of insurance or plans for natural disasters? What gaps exist? Need for improvement?
 - Impact of damage to the San Ysidro Border crossing facilities?
 - How can San Diego and Tijuana work together after an earthquake and to prepare for an earthquake?
- Social/economic implications of a scenario:
 - What difference could public outreach/education about an EQ scenario make?
 - *How* does a scenario work to prepare people?
 - What impacts can miscommunications in a stressful situation have?
 - Who will benefit most from an EQ scenario? How?
